Treasures Report

Why don't we send out an email about dues?

This might be entered in the newsletter in January.

In January the web site will have a post that dues are due.

Minutes are on the web page.

Craig Special Events

We hope you will join us to pass the proceeds from the 14th Annual Red Poppy Charity Ride to its beneficiaries the Williamson County Children's Advocacy Center and the Georgetown Sertoma Club.

October is Outlaw, Dallas will coordinate the event.

Tom Chapman Membership Committee

Williamson County Hams - 996 current hams and of those are 49 new hams in 2018.

10 ham radio organizations in Williamson County.

This club used to teach ham radio at a high school. New members may come from the high school.

Talked with Paul Gilbert about how to find new members, start classes for Technician and General. Members teach the classes.

Send postcards to the new hams.

Tom and Merri designed and made the club some new shirts and stainless water bottles. Both will have the LSARA logo.

They will be the suppliers for shirts. This will be presented to the Club Board for approval and licensing of the vendor. Tom will send Jonathan the agreement he has with QRZ for an example of the licensing agreement.

HamCom update

FEMA came out with typing us as communicators. This will be on Federal Level.
We would then be classified as a resource.

HamCom moved to Plano, smaller place so not as many vendors.

There was a guy called Radio Wave, new ICON radios and antennas. Had the ability to patch radio together so everyone could listen to each other.

FCC says it is illegal to patch public service radios, but you can phone patch the radios together and that is legal.
